

Hmm...

But how
can I turn
back to
normal?

Until then,
it's better if
your situation
is kept secret
from "adults".
No matter
what kind
of relations
you have,
I don't know.

For now,
I will
cooperate
to find a
way to
turn you
back to
normal.

what would
be the
opposite
of that...
for
example...

It just
came to
my mind,
but...

If you got
smaller when
becoming
a "friend",

as for your
family...

I will say
my word
regarding
the school
matters,
but...

If my
stomach
clings to
the back of
my body
any longer,
I'll become
shaped like
a gourd...

Mika-nee,
are you
going to
talk all
day?

I live
away
from
parents'
home to
commute to
school.

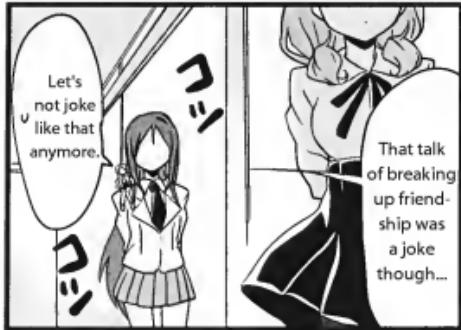

We
don't
meet
all that
often, so
it's proba-
bly ok...

Ah, that
will be
ok.

breaking up
friendship

My
footsteps
might be
too small
to follow
now.

Ah,
excellent...
I'd like if
Himeri
followed in
the footsteps
of somebody
like you.

The way to turn back to normal is...

One day my body somehow became smaller

Yeah, have a good day.

I better go before I'm late!

Oh no, look at the time!

There is no proof though. I have no choice but to try...

If Himeri can truly understand "friendship" maybe then...

She may not look like it, but she's a star of track and field club.

Having to walk every day from main school building to here and back does make you good at it.

Huh!? She's gone already!!
